

Penbode
Farm Vets Since 1840

Spring events for cattle farmers

Dairy

Wednesday 29 March, 12-2pm **All your dairy herd needs**
The Bullers Arms, Marhamchurch EX23 0HB

Presentations on how the latest vet technology strengthens the farmer/vet partnership and delivers results. Including:

- Improving dairy herd fertility
- Detecting udder infections with greater accuracy
- Using locomotion scoring to maintain milk yields
- Making the most of genomics to breed a better herd

Thursday 20 April, 12-2pm **The Vital90**
The CowShed Café, Holsworthy Market EX22 7FA

Presentations on:

- Dry cow management
- Specific needs of the transition cow
- Importance of achieving a smooth transition into milk for future production

Beef

Wednesday 5 April, from 12 noon **Beef farm walk and talk**
Larkworthy Farm, Ashwater, Beaworthy, EX21 5DE
(By kind permission of Mr G. P. Kirk)

Talks and discussions to include:

- Parasite management and coccidiosis
- How to achieve a tighter, more efficient, calving pattern
- Is your bull performing to his expected potential?
- Johne's disease: diagnosis and herd level control
